NARRATIVE

On Wednesday, November 18th, 2020, at approximately 2134 hours, I was dispatched by FAUPD Communications in reference to two suspicious individuals in the underground tunnels near Instructional Services (Bldg.4), located on the Florida Atlantic University (FAU) Boca Raton Campus.

[REDACTED]

Sergeant Jabiles (D425) conducted an area check of the tunnels while Ofc. Ledek (491), Ofc. Hopkins (390), Corporal Gassant (I365), and I covered all exit points leading out of the tunnels. Sergeant Jabiles attempted to make contact with the two subjects in the tunnel but the subjects fled the area.

At approximately 2156 hours, Corporal Gassant made contact with one of the subjects matching the description of the individual wearing a baseball-style cap exiting the tunnel in building 9. The subject was later identified via FAUPD records check as FAU Commuter Student Andrew Davis (TRESPASSED).

At approximately 2213 hours, Corporal Gassant located the other subject walking northbound on the Breezeway. The individual matched the description of a white male with long hair, glasses, and a jacket. [REDACTED]

Both Hermans and Davis advised that they ran because they did not know the police were looking for them and were scared to get in trouble.

Both Hermans and Davis were issued FAUPD Trespass Warnings and escorted to their vehicles, at which point they left campus.
