CASE NO. **21-0022**

NARRATIVE

On Monday, January 18, 2021, at approximately 1120 hours, I responded to Indian River Towers (Building 70), room 578, located on the Boca Raton campus of Florida Atlantic University (FAU) in reference to issuing a trespass warning instructed by Sergeant Marzigliano.

Sergeant Marzigliano, Officer Darrell, and I made contact with Sanford in room 578, when asked about the incident, Sanford confessed that he and four other individuals were walking through the underground tunnels last night. He advised they gained access through an unsecured gate in the ground located near building 1. Sanford stated that his roommate, FAU Resident Student Caleb Ryan Miller (SUBJECT), was also involved. I made contact with Miller who was on the scene, he corroborated and reiterated what Sanford had stated.

I issued Sanford and Miller a Trespass Warning (Underground Tunnels, FAU Boca Raton Campus). Stanford and Miller were informed that returning to any underground tunnels on FAU Campus would result in an arrest. Sanford and Miller acknowledged, understood, and signed the Trespass Warning,

which is attached to this report. I also issued Sanford and Miller a hard copy of the Trespass Warning document.

A work order was submitted by Sergeant Marzigliano in reference to several unsecured grate gates found near Building 1 (Sanson Life Sciences Building). I returned to the incident location and found an additional grate gate unsecured located near the Northwest corner of Building 2 (General Classroom South), photographs are attached to this report.

My Body-Worn Camera was activated during the incident.

This case is closed by a student referral.
